# REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Applicants have not corrected the recitations on page 60 and stated where the utility of the instant sequence is stated. It appears from a reading of the specification that all of the sequences in the original claims are useful as in detection assays for the cleavage of RNAs. Applicants have not pointed out that SEQ ID NO:2856 of the instant claims is mentioned on page 273. Therefore the previous rejection over 35 USC § 101 and 112 are dropped.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles L. Patterson, Jr., PhD, whose telephone number is 571-272-0936. The examiner can normally be reached on Monday - Friday from 7:30 to 4:00.
